

(SAMPLE) ITINERARY Trek 1

The following itinerary is recommended as a guide only. Track and weather conditions will inevitably determine the final journey of each individual trek. This itinerary follows the original wartime track as close as possible, approved by the 8th Division war historian and War Graves Australia.

To maintain our unblemished safety record, all trekking with Sandakan Legends is done during daylight hours only. Trekking at night on cliff faces and across raging rivers increases the risk of injury and should only be attempted by experienced Sandakan trekkers when absolutely necessary. As many of our Aussie diggers will attest, the Sandakan Legend's journey is one of respect to those who did endure the Sandakan Track in these unthinkable conditions during the war in 1945.
