

Travel Planning Guide

Domestic Travel

Participants who require domestic travel to meet the international group flight (usually from Brisbane, Cairns or Sydney), must **arrive at least 2 hours** before the scheduled international flight departure time. Sometimes, this necessitates domestic travel the previous day to ensure you arrive on time for the international flight, particularly if you are travelling during the “daylight savings” season where the international flight might be on a different time to state/territory of your departing domestic flight.

Upon your return, we recommend that you **book any domestic flights at least 3 hours after the international group flight arrival time** to ensure you reach your connecting domestic flight. We also recommend that you take flight insurance for your domestic travel if required, as flight delays are excluded from the travel insurance policy which is included in our adventure package.

International Flights

Confirm that your **passport is current and valid for at least 6 months** after the departure date for your event.

Please note, we are unable to confirm International departure/arrival times until they are released by the airline. You will be sent an email with flight details for your adventure as soon as they become available (at least 1 month prior to your departure date).

If you have any questions or concerns, please [contact us](#)

Luggage Restrictions

Your personal baggage **must not exceed the 17kg weight limit** or excess charges may be applied by the airline at approximately \$18 per kilogram over the allowance.
